

## HUGHES MAN VICTOR IN NEW YORK FIGHT

Tanner Again Made Republican  
an Chairman in Contest  
With Root Supporters.

NO CANDIDATE NAMED  
FOR NATIONAL LEADER

Memorial Adopted Urges Selection of  
Tried Republican for Presi-  
dential Race.

NEW YORK, April 8.—Responding to pleas that a crisis confronts both the republican party and the country, and that the national situation ought to take precedence over factional disputes, the newly elected republican state committee, at a meeting here today to effect organization, re-elected as chairman Frederick C. Tanner of this city. The result was regarded by the chairman's friends as adding strength to the movement favoring Supreme Court Justice Charles E. Hughes for the presidency and toward a renomination for Gov. Charles S. Whitman. Mr. Tanner's supporters placed this interpretation on his re-election because of the fact that State Senator Charles W. Wicks of Utica, his defeated rival, was put forward by William Barnes of Albany, United States Senator James W. Wadsworth, State Senator Elton R. Brown and others, who favored the nomination of Elihu Root at the Chicago convention. The Tanner faction supported the Hughes movement.

Vote 82 to 63 for Tanner.

The vote polled today was 82 for Mr. Tanner to 63 for Mr. Wicks. The latter's supporters urged his selection on the ground that an up-state chairman would possess a better knowledge than would a New York city man regarding party conditions in up-state counties. Five of the 150 members of the committee were absent.

No candidate for President was mentioned, either by speakers or in a resolution adopted after Mr. Tanner's re-election. This memorial urged the nomination of "a tried republican, on whose record and character the nation can rely as a guarantee for wise statesmanship in the management of foreign and domestic affairs."

Mr. Tanner later indicated that personally he was opposed to Theodore Roosevelt, but he would not make known a preference between Justice Hughes and Mr. Root. "He must be a republican," the chairman said. "He must be a republican, enrolled as a republican, who has been in the party for a number of years. I think that only a republican will be nominated. Don't let any member of the committee misunderstand me." It was said by the chairman's friends that he leaned toward Justice Hughes.

Mills Urges Harmony.

State Senator Ogden L. Mills, discussing the chairmanship, said:

"Factionalism is the only reason for this opposition and this should be buried now and for all time. The issue is greater than any personalities. Don't urge Wicks on us because he comes from upstate or turn down Tanner because he lives in this city. We are on the eve of a campaign which is the greatest in years, and the future not only of the party but of the country is at stake. We should work together to turn out the party which has failed to preserve American rights. The country is greater than the republican party, and the republican party is greater than any republican factionalism."

Just before the meeting Mr. Wadsworth said:

"Root is first and second choice. There is no third choice."

Senator B. S. Gleason was re-elected secretary of the committee.

Chairman-Elect Harding

States Issues; Declares

Tariff Is Preparedness

CHICAGO, April 8.—Republican leaders from all sections of the country met today at the Apparatix day banquet of the Hamilton Club. Among the speakers were Senator Warren G. Harding of Ohio, named yesterday as temporary chairman of the republican national convention; Senator L. Y. Sherman of Illinois, and former Senator E. J. Burkett of Nebraska.

Senator Harding, responding to the toast "Looking forward," extolled republicanism and predicted a speedy return of republican administration. Of the disruption of the party he said:

"It is useless to talk of 1912. I had rather forget it for the next four years, and let a nation wearied anew by the democratic party join us in four years of happy forgetting. Every essential of the republican party remains, even the inspiring name."

Benjamin Karr of the Cleveland Leader-News also was one of the speakers.

"War Prevented Depression."

Senator Harding in his address asserted that but for the war the country would now be enduring business depression similar to that of the early 90s. Continuing, he said:

"Not only has the European war not destroyed our business, but it has given us the only business we have. It has given us a business, sectional prosperity, but it does not bind us to the depression likely to follow, nor to the industrial reconstruction which must be worked out, nor to the industrial and commercial menace of desperate Europe struggling in peace for its own rehabilitation."

Asserting that the tariff will be the great issue of the coming campaign, he added:

"There will be more spectacular issues there will be patriotic appeal for preparedness, with republican commitment to an adequate program for national defense. And it will be no new declaration for the republican party."

But the protective policy is inseparable from any preparedness discussion. "One is reluctant to criticize the administration in its foreign policy at a time of anxiety like the present days. I had rather present a united front to the world, even at the sacrifice of some notions of my own, than convey the impression of a divided people."

"Needless Meddling."

"We are pursuing Villa and his robber band, and the nation approves, but had the Wilson administration omitted its needless meddling in Mexico, which included the needless encouragement of both Carranza and Villa, this pursuit would have been unnecessary, and approbrium and insult and the sacrifice of many American lives and much property in Mexico probably would have been avoided."

"When we encourage American enterprise and capital to go into foreign lands under treaty rights every American assurance ought to go with them."

"I wouldn't think much of the Americanism which encourages an American to go abroad in peaceful pursuits, in developing or trading or teaching or

preaching, which says, when danger threatens: 'You chose to go on your own account; now take your chances.'"

Tells of Peruvian Andes Hunts.

Hunting in the Peruvian Andes was vividly illustrated in a stereopticon talk by Edmund Heller before the Biographical Society of Washington at the Cosmos Club last night. Mr. Heller, who shortly is to make an exploration trip through China, gave a number of interesting views of the Andes and of animals which he collected from the headquarters of the Amazon river. The attendance at the meeting was the largest of the year.

Cavalry Troop Recruiting Brisk.

Judging from the briskness of the recruiting campaign, it is estimated that enough members of the proposed Troop A of Cavalry of the National Guard of the District of Columbia will be obtained to muster the organization in by Saturday. Physical examinations of recruits are held Wednesday and Friday nights.

## RECEIVERSHIP IMMINENT

Court to Act Tomorrow Morning Unless Toledo Railway Strike Is Settled.

TOLEDO, April 8.—Federal Judge Killits today announced that unless an agreement is reached between the Toledo Railway and Light Company and its employees and cars are being run by 9:30 o'clock Monday morning he will appoint Capt. John Craig, former Toledo shipbuilder, receiver for the company.

Under the receivership, Judge Killits announced, cars will be run next Wednesday. He said it would require two days' time after the appointment of a receiver to make preparations and

put the lines in operation. If the company and its men agree before Monday morning, no receiver will be appointed. Judge Killits said. No street cars have been operated in Toledo since a week ago last Tuesday.

Witnesses Are Subpoenaed.

Company officials and labor leaders were subpoenaed to appear this morning in federal court. Both sides reported that the last of many conferences, which adjourned at 1 o'clock this morning, had resulted in a deadlock.

The company offered an increased wage scale, which was accepted. It ranges from 25 to 32 cents an hour. The company refused to concede the right of the car men to wear the union button while on duty, to order reinstatement of men discharged by the company or to insist that no more non-union men be employed.

Henry L. Doherty, chairman of the board of directors of the railway and light company, said at noon that if further conferences are held it will be only upon the request of the men.

## STRANGE LOSS OF MEMORY.

Son of Millionaire "Wanders" Two Weeks Before "Finding" Himself.

NEW ORLEANS, La., April 8.—A strange story of loss of memory and identity and wandering from place to place for two weeks until he "found" himself in New Orleans was related here today by Earl E. Devlin, twenty-eight years old, who said he was a member of an automobile firm in Detroit and son of a millionaire manufacturer of that city.

Mr. Devlin said that two weeks ago, while at his home in Detroit, he became possessed of an inexplicable desire to travel. He recalled boarding a train in Detroit, but from that time until he recovered his memory here he said his mind was practically blank.

Mr. Devlin said while reading Detroit newspaper accounts of his disappearance his memory gradually cleared, and he consulted a physician. He expects to return to Detroit at once.

## DEATH OF CHRIS STORM.

He Was Connected With Treasury Department Thirty-Seven Years.

Chris Storm, for more than thirty-seven years in the government service in the Treasury Department, died at his residence, 115 Rhode Island avenue northwest, at 12:10 this morning. He was seventy-four years old and had been for many years a clerk in the internal revenue bureau. Funeral arrangements will be announced later. He was a member of Burnside Post, G. A. R., and of Union Lodge, I. O. O. F. He is survived by his widow, two sons and two daughters.

Benefit for Day Nursery.

A musical for the benefit of the day nursery in Southwest Washington will be held in Rauscher's large ballroom Wednesday evening, April 26. Dr. George H. Wilson of Cleveland, Ohio, will give the new Nymphen ballet music, and there will be other attractive program features.

## PLANNING FOR "BABY WEEK."

Preparations Under Way for Campaign Which Starts May 6.

Preparations for Washington's baby-saving campaign, which begins May 6, will start in earnest this week with the installation at the campaign headquarters, 725 15th street northwest, of an exhibit, including a model nursery, and a stereograph for use in giving illustrated lectures. It also is announced that, beginning tomorrow, the purposes of "baby week" will be explained by a corps of volunteer workers at the headquarters, and that daily addresses on the subject of the proper care of infants will be delivered by Dr. Arthur L. Murray, executive officer of the campaign.

So far about \$600 has been subscribed toward the expenses of the campaign. The committee has asked for a total contribution of \$3,000, and donations of any amount, from 25 cents up, are desired. Contributions should be sent to Cuno H. Rudolph, treasurer, at the Second National Bank.
